Letter No.1411 dated 20-1-1926, from the Medical Officer, Victoria Hospital, Bangalore, to the Senior Surgeon in Mysore, Bangalore.

I have the honour to bring to your kind notice that as laid down in your circular Order No. 477-503 dated 21-7-1915, the Assistant Surgeon on Post Graduate Course performs at present post-mortem on all bodies sent by the City and Taluk Police in this hospital. In view of the fact that students have to be taught the manner of doing post-mortem in Police cases and as the Pathologist is the only proper individual who should make use of this available clinical material for the instruction to students, and also as very few hospital bodies are available for the teaching of this important branch of professional work to the students, I request you to kindly change the above circular order and make it the duty of the Pathologist to perform post-mortem examinations on all available hospital cases as well as bodies brought by the police for post-mortem examination.
